

Lemur Masks

Have fun creating your very own lemur mask. Chose your favorite species, or create them all! There are over 100 species of lemurs in Madagascar, all different sizes and colors. Feel free to decorate your lemur like a real one or come up with your own fantastical color creation!

MATERIALS:

- crayons or markers
- lemur mask templates
- scissors
- glue or tape
- popsicle stick

INSTRUCTIONS:

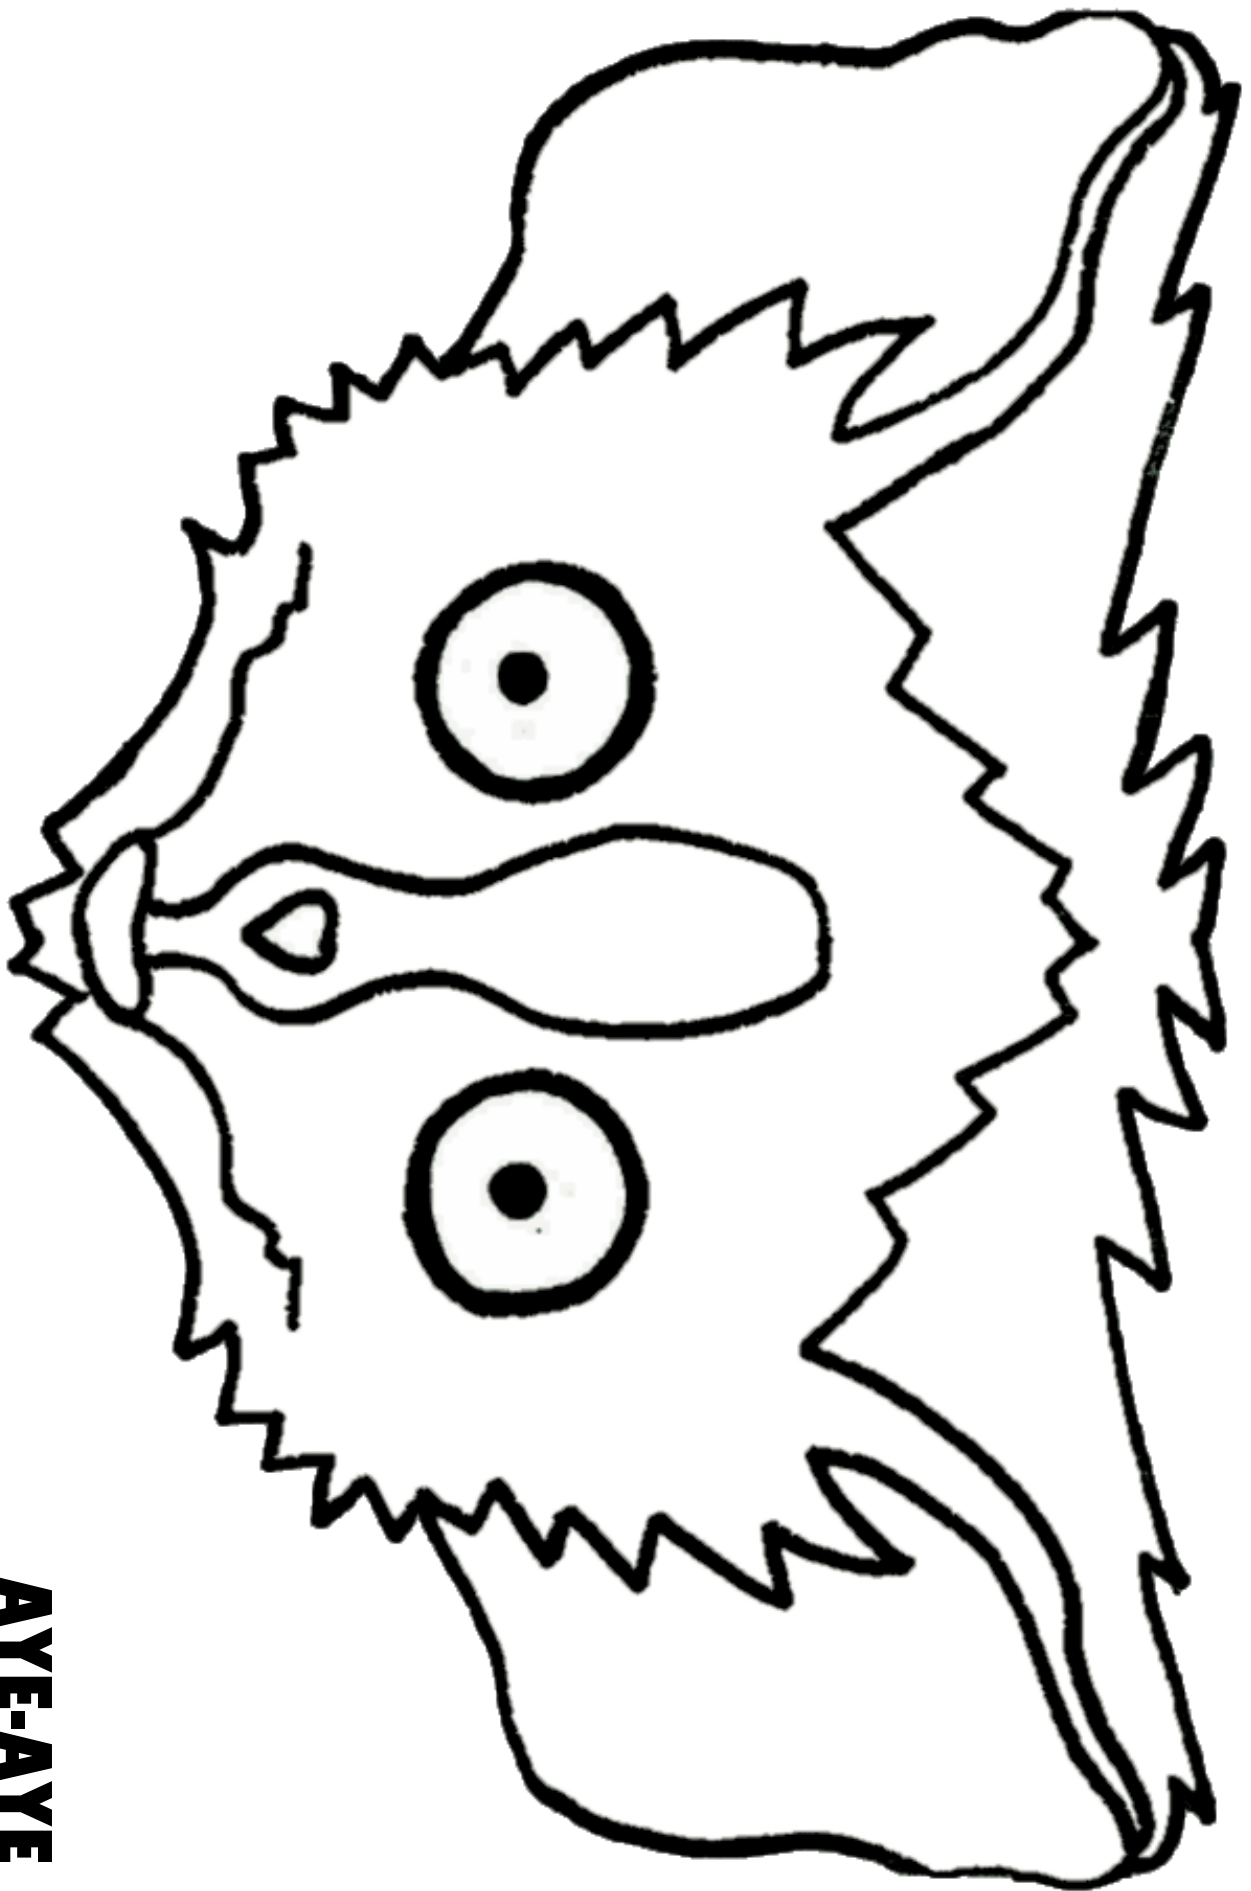

Step 1: Color lemur mask template and use scissors to cut around the outside edge.

Step 2: Poke a hole through the center of each eye and cut around the edge of the two eye holes to see through.

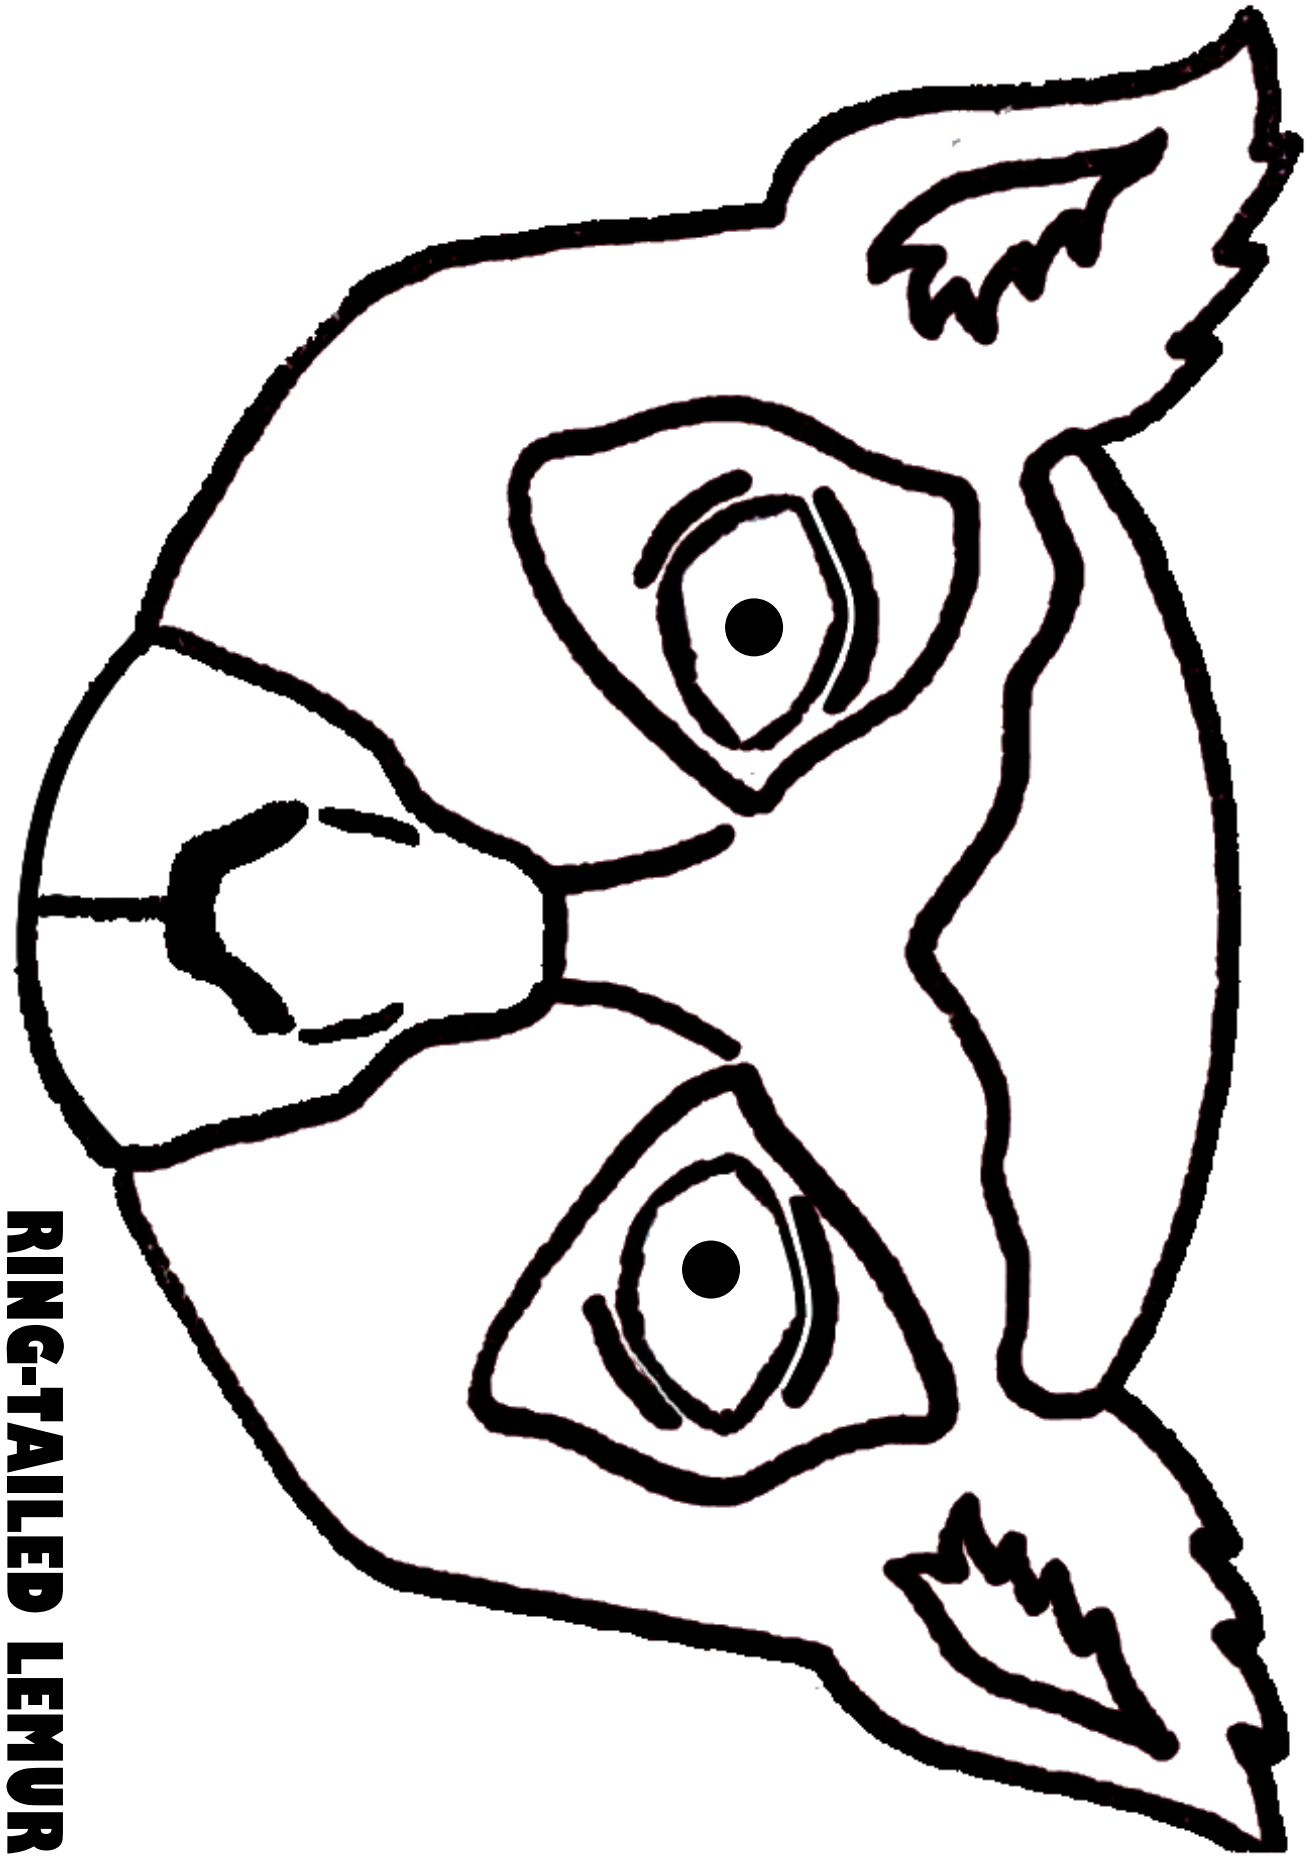

Step 3: Glue or tape a popsicle stick to the bottom edge of the cut lemur mask.

Step 4: Hold the mask up to your face and enjoy being a lemur!
